DCPS COVID-19 Response Protocol

Understanding the role everyone plays in confidentially reporting and determining communications

Stage 1: Possible Exposure or Confirmed Case Discovery and Reporting		Stage 2: Investigation and Mitigation (Immediate) Investigation Results, Recommendations, Information Sharing (Forthcoming)	Stage 3: Conclusions, Communications, and Outcome Sharing (Resolution)
Point of Contact (POC) subAlert Instructional SuperintInstruct Close Contacts of a precautionary quarantine	Ensure Principal, AP, DSL/MSL or Incident Response Tool (IRT) Point of Contact (POC) submits an incident report ASAP Alert Instructional Superintendent (IS) Instruct Close Contacts of a positive case to begin a precautionary quarantine Check on Suspected Cases and Update in IRT if it becomes Confirmed dividual presents with ptoms while in the ding: If individual presents emergency warning signs, If individual presents emergency warning signs,	 Student Health Services Role: 1. Submits confirmed case and potential Close Contact List to DC Health and continues to support information gathering throughout process 2. DC Health shares results and recommendations from investigation with Student Health Services team 3. DC Health instructs or confirms which, if any, Close Contacts should self- quarantine Operations Role: Based on DC Health's recommendation, confirm if the Close Contact list impacts the building's ability to remain open Determine if a deep cleaning or third-party cleaning is 	 Communications Role: 1. Determine, with information gathered and provided by DC Health, Student Health Services, and Operations, if an approved communication is necessary 2. Draft and share final approved communication with Principal, AP, and Instructional Superintendent for distribution 3. Principal sends letter to: School Staff (If applicable) School partners, vendors, or contractors who may have also been, or are scheduled to be on site 4. Operations Communications teams sends letter to parents and families via Blackboard (Only in cases where students and families are impacted)
 If it is a non-emergency, Instruct individual to go home, isolate immediately, and seek guidance from a healthcare provider Instruct individual NOT to report to school while awaiting test results 	 from a healthcare provider Instruct them NOT to report to school while awaiting test results If individual is identified by DC Health as a Close Contact and is instructed to quarantine remind them not to end quarantine early 	 needed 3. Schedule third party cleaning, if necessary Outcomes: Immediate health safety and operational support identifying next steps Central office leadership teams notified, if needed 	 Outcomes: 1. Communication is provided to school community, staff, and/or relevant Close Contacts, if determined necessary by DC Health 2. DCPS has a record of transparent communication regarding COVID-19

DISTRICT OF COLUMBIA PUBLIC SCHOOLS

- 1. Principal collects Close Contact list from the confirmed case
- A Close Contact is defined as, "any individual who was within 6 ft of an infected person for at least 15mins starting from two days before illness onset (or, for asymptomatic patients, 2 days prior to positive specimen collection) until the patient isolated."
