Reopen Strong

COVID-19 Operations Handbook

Beers Elementary School Plan

Developed by the Office of the Chief Operating Officer
Draft as of October 23, 2020

COVID-19 Operations School Plan

This document is a draft overview (as of October 23, 2020) of the COVID-19 operational planning in place for the start of Term 2. All information below has been developed in alignment with CDC, DC Health, and OSSE guidance and with DCPS central office support.

Please see the corresponding, detailed COVID-19 Operations Handbook Guidance [here](#).

For additional information on reopening plans, see: <https://dcpsreopenstrong.com/school-plans/>

Key Points of Contact

Clear communication is important in our planning, please see key points of contact by planning area.

Key Points of Contact	
Category	Primary Contact Name
<i>Leadership/Operations</i>	Theresa Everette DSL
<i>Supply & Inventory Management</i>	Theresa Everette DSL
<i>Technology Management</i>	Theresa Everette DSL
<i>ECE Program</i>	Dana Lucas ECE Grade Level Chair
<i>Specialized Instruction Program</i>	Shakerra Malachi-Chang Manager

Key Locations

To support in-person student programming, the following locations and spaces have been identified and prepared with consideration for health and safety requirements.

Key Operational Locations		
Location	Guidelines	Location(s) in Your School
Arrival Space	Each school should designate a minimum of one entry point.	Information forthcoming,

	<ul style="list-style-type: none"> The entry point that most allows for social distancing/staff oversight should be selected. <p>Based on the volume of students and availability of staff, schools should select more than one entry point to improve the arrival process.</p> <p>Please indicate the number of entry points.</p>	<p>ongoing planning will determine.</p>
<p>Health Isolation Room</p>	<p>Each school is required to designate a COVID-19 related Health Isolation Room separate from the nurse’s office. A student who shows COVID-19 symptoms during the arrival process or school day is to be directed to the specific room until they can be picked up by a guardian. Staff must also wait in this room if they exhibit COVID-19 symptoms at arrival or throughout the day if they are waiting for someone to pick them up.</p> <p>The Health Isolation Room should:</p> <ul style="list-style-type: none"> Be no more than 100 feet from the arrival/entry location, but ideally within 50 feet. Be a minimum of 850 square feet to accommodate 10 students. If a room this size is not available, the number of students that can be accommodation will be reduced. If possible, the room should have an en-suite bathroom. Otherwise, a nearby all-gender toilet room should be identified for use by students in the Health Isolation Room. <p>Have chairs or desks available to accommodate students.</p>	<p>Information forthcoming, ongoing planning will determine.</p>
<p>Guardian Pick-Up Space</p>	<p>Each school is required to designate a Guardian Pick-Up Room. Students will be directed here if they do not have a designated classroom to attend that day and have passed the OSSE “Ask, Ask, Look” protocol.</p> <p>For additional information on scenarios in which students would come to this room, please see “Unanticipated Student Scenarios” section.</p>	<p>Information forthcoming, ongoing planning will determine.</p>

Facilities Overview

To support in-person student programming, the following locations and spaces have been identified and prepared:

Facilities Overview	
<i>Number of entrances & exits</i>	Four entrances, six exits; three entrances will be used and three exits will be used.
<i>Number of general education classrooms</i>	18 general education classrooms; 12 will be used.
<i>Number of specials classrooms</i>	Three specials classrooms; two will be used.
<i>Number of ECE classrooms</i>	Five ECE classrooms; five will be used.
<i>Number of self-contained special education classrooms</i>	Five self-contained classrooms; five will be used.
<i>Number of resource or support services rooms</i>	Six resource rooms; five will be used.
<i>Number of office or shared staff spaces</i>	12 office/staff spaces; 11 will be used.
<i>Number of bottle fillers (not water fountains)</i>	Zero (0)
<i>Number of student and adult bathrooms</i>	10 hallway student bathrooms; three adult bathrooms.
<i>Accessible large green space and/or garden area</i>	One
<i>Playground and/or structure</i>	One playground divided into two areas- one schoolwide area and one ECE area.

Student Arrival

To support social distancing, both students and staff will be scheduled to stagger arrival. Please see student staggered arrival planning:

Staggered Arrival Schedule	
Average number of students per day	188

Number of waves	3
Time of waves (i.e. 7:45-8am, 8am-8:15am, etc.)	8:40-8:50; 8:50-9:00; 9:00-9:10
Please describe your strategy to stagger arrival & staff the arrival process.	
We will be using multiple doors for students to enter. We are staggering student times to reduce the number of students transitioning through hallways to classrooms at the same time.	

Student Dismissal

Student dismissal may be staggered by dismissal type (guardian pickup, walking, etc.), by grade, or by any other strategy that support social distancing in the dismissal process.

Staggered Dismissal Schedule *Information forthcoming, ongoing planning will determine*				
Wave Cycle	Time Period	Location in Your School	Grade Band	Type of Dismissal

Bathroom Use Scheduling & Strategy

To support students, there will be a developed bathroom use strategy for students to abide by health and safety guidelines.

Bathroom Use Strategy	
Number of student bathrooms	10 hallway and 12 en-suite bathrooms
Number of classrooms	28
Please enter how you plan to limit the number of people in the bathroom at the same time through one of the strategies above, or through a plan tailored to your school.	
A schedule will be created for each cohort of students.	

Water Access Strategy

To support students, there will be a developed water access strategy for students to abide by health and safety guidelines.

Water Access Strategy	
Number of water filler stations in school that are currently operational	Zero (0)- we do not have water filler stations.
Placement of water coolers (identify locations throughout school suitable for water cooler)	Water coolers should be placed in each classroom that has an en-suite (ECE, Kindergarten, and self-contained), next to each water fountain, and in the staff lounges.
Please enter your water access strategy (e.g. students will be scheduled to fill reusable water bottles 2x/day, pitchers and cups will be available in classrooms, etc.)	
Water access will be during restroom breaks.	

Learning Spaces & Hallways

Learning spaces, classrooms, and hallways will be uniformly set up to welcome students and staff safely.

Space Set-up	
Classrooms	<ul style="list-style-type: none"> • Classroom counts are limited to 11, or fewer, students • Classrooms are set up to facilitate social distancing and limit sharing of materials • Classrooms have cleaning materials present • Hand sanitizer will be present
Hallways	<ul style="list-style-type: none"> • Social distancing floor decals are placed across school hallways • Signage is posted throughout the building for health and safety guidance

Visitor Management

Whenever possible, visits should be conducted virtually. In event an in-person visit is required, visitors will be required to schedule an appointment.

Scheduling of Visitor Appointments

- Whenever possible, meetings should be moved to a virtual platform. If an in-person meeting is essential, all visitors must make an appointment at least 24 hours in advance.
- Visitors without an appointment should only be permitted entry with the approval of school administration.
- All visitors will be required to complete the OSSE “Ask, Ask, Look” protocol prior to entry, have their temperature taken, wear a face covering at all times on the school grounds and inside the school building, and adhere to social distancing guidelines should be followed.
