

DCPS CALENDAR 2025 - 2026

Yearbook

August 2025

Dear DC Public Schools (DCPS) Community,

Unveiling the official calendar to our students, staff, and families is something I look forward to every year. This School Year 2025-2026 calendar is a resource for you and your family to plan a successful and joyful academic year.

“DCPS Yearbook” is a calendar theme that highlights a fun and thoughtful superlative each month, allowing us to give accolades for the incredible work happening across the district every day. And just like a traditional yearbook, it celebrates the best of DCPS and what makes us so special—our people.

When our Communications Team shared this theme for my input, I knew I had to choose a superlative that is especially meaningful to me. While I may be the Chancellor, I did not select **“Most Likely to Inspire Future Leaders”** to nominate myself, but to spotlight four of our longest-serving principals, who together have dedicated more than 90 years of service to our district:

- **Principal Holly Searl** has led **Ross Elementary School** where she has developed positive learning conditions and fostered a sense of belonging within the close-knit school community for over 15 years.

- **Principal Maria Tukeva** is the founding school leader of **Columbia Heights Education Campus (CHEC)**, where she has educated generations over the last four decades, building a legacy of excellence.
- Since 2005, **Principal Anita Berger** has shaped the bright minds of emerging global leaders at **Benjamin Banneker Academic High School**—the first public high school in the District to offer the International Baccalaureate Diploma Program.
- For more than 15 years as principal, **Dr. Grace Reid** has encouraged the young Bears of **Barnard Elementary School** to pursue acts of service under the school’s motto “Only the Best Is Good Enough.”

Mayor Bowser, another HER-story-maker who also inspires future leaders across our city, once said, **“a new school year is a new opportunity to open doors for young people.”** It is my hope that the superlative to describe School Year 2025-2026 will be “Most Empowering”—a year in which every student is capable and ready. Thank you for supporting DCPS in opening doors and empowering students to thrive.

In partnership,
Lewis D. Ferebee, Ed.D.
Chancellor, DC Public Schools
